

Balanced Tree – Clustered Subset (s=8)

Selected (n = 8)

The diagram illustrates a balanced tree structure for a clustered subset of 8 items (s=8) from a total of 32 items (n=32). The tree is rooted on the left and branches out to the right. The items are labeled on the right side of the tree, grouped into four clusters of eight items each. The labels are color-coded: B001 to B008 are blue, B009 to B016 are black, B017 to B024 are black, and B025 to B032 are black. The tree structure shows a hierarchical clustering of the items, with the root node branching into four main clusters, each of which further branches into two sub-clusters, and finally into individual items.

Items listed (from top to bottom):

- B032
- B031
- B030
- B029
- B028
- B027
- B026
- B025
- B024
- B023
- B022
- B021
- B020
- B019
- B018
- B017
- B016
- B015
- B014
- B013
- B012
- B011
- B010
- B009
- B008
- B007
- B006
- B005
- B004
- B003
- B002
- B001
